# *Introduction*

The English phrases in this book are grouped by subject and have been selected for their directness, brevity, and relevance to the needs of newly arrived residents of the United States. They are, for the most part, presented in the form of short, two-line dialogues.

The phrases and supplementary vocabulary in the 19 units cover a wide range of situations and serve to introduce new residents to the daily activities of American life. The underlined words and expressions are those which accomplish the most important language functions of the unit. The two wordlists provide terms which are frequently needed.

As with all phrasebooks, this one is not intended as a step-by-step textbook for learning English. It is intended as a handy reference book for immediate use when English words or phrases are needed.

This phrasebook is largely an adaptation of the *Vietnamese–English Phrasebook* (CAL, 1975) by Nguyen Hy Quang. It is based on needs which are common to virtually all refugee groups. This edition for refugees from Bosnia and Herzegovina has been adapted and translated by Svetlana Brajdić with the editorial assistance of Amra Alirejsović, Mehmed Elezović, Emir Kapetanović, Darjana Kolarević and Dželana Pećanin.

## *Note*

The English language does not distinguish between the formal and informal *you*. The English *you* corresponds to *Vi* and *ti*. This phrasebook emphasizes the informality of American English and may therefore use a more familiar form of Bosnian/Croatian/Serbian than that to which you may be accustomed.

The vocabulary in this phrasebook appears in the masculine form. Feminine and neuter forms are specified only when the context requires. In the English language there is no grammatical gender distinction of nouns, verbs, adjectives, numerals, and question pronouns.

# Uvod

Engleske fraze u ovoj knjizi su tematski grupisane i odabrane zbog svoje neposrednosti, kratkoće i važnosti za potrebe novopristiglih stanovnika Sjedinjenih Država. One su, najvećim dijelom, predstavljene u obliku kratkih, dvorednih dijaloga.

Fraze i dopunski rječnik u okviru 19 tematskih jedinica pokrivaju širok rang situacija i služe da novim stanovnicima predstavljaju dnevne aktivnosti američkog života. Podvučene riječi i izrazi predstavljaju najvažnije jezičke funkcije tematske jedinice. Dvije liste riječi obezbjeđuju izraze koji su često potrebni.

Kao što je slučaj sa svim priručnicima za razgovor, ni ovaj nije namijenjen da bude udžbenik za učenje engleskog jezika korak po korak. Namijenjen je da se koristi kao zgodan priručnik za neposrednu upotrebu u trenutku kada su potrebne engleske riječi i fraze.

Ovaj priručnik za razgovor je u velikoj mjeri obrada *Vietnamese-English Phrasebook* (CAL, 1975) u izvedbi Nguyen Hy Quang. Priručnik je zasnovan na potrebama koje su zajedničke praktično svim izbjegličkim grupama. Ovo izdanje za izbjeglice iz Bosne i Hercegovine je obradila i prevela Svetlana Brajdić uz editorsku pomoc Amre Alirejsović, Mehmeda Elezovića, Emira Kapetanovića, Darjane Kolarević i Dželane Pećanin.

## Zabilješka

U engleskom jeziku ne postoji razlika između formalnog i neformalnog *you*. Engleskom *you* odgovaraju *Vi* i *ti*. U ovom priručniku se naglašava neformalnost američkog engleskog i možda se stoga koristi neusiljeniji oblik bosanskog-hrvatskog-srpskog jezika nego što ste vi navikli.

Rječnik u ovom priručniku se pojavljuje u obliku muškog roda. Oblici ženskog i srednjeg roda su naznačeni samo kada to kontekst zahtijeva. U engleskom jeziku ne postoji razlika u gramatičkom rodu imenica, glagola, pridjeva, brojeva, i upitnih zamjenica.
